

# Our sustainability strategy

As a family business, we don't think in years, but rather in generations. This is also the starting point for our sustainability strategy. Sustainability for Royal A-ware means running a sustainable business across the entire value chain, with lasting benefits for all its partners. We organise our chains such that we continue to be both a financially healthy family business and committed to reducing our impact on the environment.

## our resources

product	dairy farming
processing	employees
raw materials	respectful partnerships

## our family business

### mission

The shortest journey from consumer to cow.

### core activities

We **produce** and **package** cheese, fresh dairy, cream, milk powder and tapas for the whole world.  
We **organise** our chain in an efficient and sustainable way.

### core values

- entrepreneurial
- reliable
- committed
- respectful

## our results

<b>produce</b> Product Circularity
<b>organise</b> Employees Partnerships Business continuity

## our ambitions

product

Products with the optimal **nutritional value** and the lowest possible footprint, in accordance with customer requirements.

processing

An efficient and sustainable production process with the **lowest possible footprint**.

raw materials

**More sustainable packaging** and **efficient use** of raw materials and consumables.

dairy farming

A **resilient family-owned dairy farming** with **continued focus on animal welfare** and the **lowest possible footprint**.

employees

An environment where people work **safely** and **happily**, contribute to a successful business and work on their own **development**.

respectful partnerships

**Maintain** long-term partnerships with **customers, suppliers** and **dairy farmers**. All partners have **lasting benefit** from the collaboration.

## our impact

2 ZERO HUNGER	8 DECENT WORK AND ECONOMIC GROWTH	12 RESPONSIBLE CONSUMPTION AND PRODUCTION	13 CLIMATE ACTION
